ETHIOPIANS READY FOR BIG DRIVE

Selassie Orders Major Offensive with 400,000 Men Under Five Commanders

By The Associated Press
ADDIS ABABA, Dec. 30.—The Ethiopian emperor, Haile Selassie, has ordered a major offensive against the Italian forces in the north. The emperor's order, which was issued today, called for a coordinated attack by five main Ethiopian forces, totaling 400,000 men, against the Italian positions in the northern provinces of Tigray, Amhara, and Afaan Oromo.

The Italian commander in the north, General Messe, has received intelligence of the Ethiopian offensive and has ordered his forces to prepare for a major battle. The Italian forces in the north are estimated to be around 100,000 men, but they are well equipped with modern weapons and aircraft.

The Ethiopian offensive is expected to be a major test of the emperor's military strategy. The emperor has ordered his forces to attack the Italian positions in a coordinated manner, with each of the five main forces attacking a different sector of the Italian front.

The Italian forces in the north are expected to be heavily engaged in the coming days. The Italian commander, General Messe, has ordered his forces to fight a defensive battle, but he has also ordered them to be prepared to launch a counter-offensive if the Ethiopian forces show signs of weakness.

The Ethiopian offensive is expected to be a major turning point in the Italian-Ethiopian war. The emperor's order to launch a major offensive with 400,000 men is a clear indication of his determination to drive the Italian forces out of Ethiopia.

BIRTH CONTROL FIGHT BRINGS NEW CLAIMS

13 Clergymen Reply to Cardinal Who Said They Abrogated Belief in Moral Law

By The Associated Press
NEW YORK, Dec. 30.—A group of 13 clergymen last night entered charges of Patrick Cardinal Hayes that by their views on birth control they "have abrogated the belief in a moral law."

Their formal statement was the fourth in a controversy that began when the cardinal in a sermon opposed birth control. The clergymen issued a reply to the cardinal's statement and the cardinal responded with a statement on Dec. 19.

Cardinal Hayes' statement claimed an ethical and spiritual justification for birth control practices. It cited statements made by various clergymen of birth control in an address by Henry Pratt Fairchild, past president and a first of the National Association of America.

Fifteen social scientists gave their involvement as individuals to the statements made by Cardinal Hayes who spoke over the radio.

The clergymen called the cardinal's charges that they had abrogated the moral law a grave one to be answered not from the pulpit of a man's ethical or moral beliefs but from the carefully explored field of human experience and the spiritual ends for which human life was ordained.

Infant mortality figures were cited as proving that the chance to survive steadily increases for each child born after the third child in each family. Ethical and hospital records the statement said prove that too many and too frequent confinements not only undermine the health of the mother but lead to invalidism and premature death.

Pneumonia

AN INTENSIVE campaign to reduce the mortality of pneumonia has been inaugurated in New York state. It is hoped that by the use of a special protective serum the complications of that disease may be prevented and complete recovery hastened. It is expected that other states will follow the example of the Empire State.

Pneumonia is ever in our midst. It is especially prevalent at this time of the year. Everyone should take the necessary precautions to guard against this dangerous infection.

The disease is probably caused by a germ called the pneumococcus. This germ may be spread by coughing, sneezing or expectorating. It may be transmitted indirectly by the handling of contaminated objects. Of course it is difficult to prevent infection.

Unlike other diseases pneumonia is caused by any one four strains or types of the germ. By this is meant, that the pneumococcus exists in four different forms. The severity of the infection is influenced by the particular type responsible for it. An attack is designated as pneumonia of Type I, II, III or IV.

As I have suggested a protective serum is now available. Such a treatment has been developed for Types I and II only so far. It is of value only if administered during the early stages of the disease.

I believe that one of the greatest dangers of pneumonia is the neglect of the disease or the mistaken idea that the attack is a simple cold or cough. Often self-medication and home remedies are resorted to when trained nursing and expert medical care are absolutely essential.

The early symptoms of the disease closely resemble those of a simple cold or cough. The victim has severe chill and fever. This is followed by a vague feeling of unrest. The sufferer knows he is not well but cannot locate the trouble.

There follows a heavy sensation in the chest. A hacking cough may soon develop. (Copyright 1935, H. S. Coffland)

ROOSEVELT TO TAKE STUMP NEXT YEAR

By The Associated Press
NEW YORK, Dec. 30.—The New York Times says President Roosevelt will personally take the stump in the campaign for reelection in 1936.

No definite decision has been reached as to the extent of his campaign tour the Times says but he will be urged to make a coast-to-coast campaign as he did in 1932.

A dicta recent completed at Lincoln has indicated certain positions in the letters of the first few notes shows a close resemblance between modern and old times.

NORRIS URGED TO OPEN DRIVE

Told Roosevelt Election Can Not Be Left To Regular Democrats.

Special to The Star
WASHINGTON, Dec. 30.—(The Star.)—Senator Norris, Republican of Nebraska, today urged an independent Roosevelt-for-President campaign committee in the midwestern states was proposed today by a Nebraska progressive.

W. Kline, chairman of the Nebraska Progressive league, said he believed the reelection of Mr. Roosevelt could not be left to the regular Democratic organization. The regular organization, he said, "in some places is not completely in sympathy with the President."

Would Include Six States
Kline's proposed Norris committee, would function in Nebraska, Kansas, Iowa, Minnesota and North and South Dakota. Each would have a state chairman.

This is one of several developments with a possible hearing on the 1936 campaign. Others included:

1. New York Republican "Progressives" drove ahead with their plans to win the state's delegation to the Republican national convention for Ben. Borah of Idaho.

2. Rep. Pierce, Democrat of Oregon, expressed the belief that Republicans are manipulating "a current national poll which shows a trend away from President Roosevelt."

3. J. Kenneth Bradley, director of the young Republican division of the Republican national committee, said a recent questionnaire indicated younger members of the party considered the farm problem and the cost of government to be the two leading issues.

Wants Money Nationalized
4. The Detroit radio priest, Father Charles E. Coughlin, called on his followers for a million votes of confidence in his drive for nationalization of money. If the votes are received within three weeks, he said, he would start a weekly newspaper to tell the country "unprinted truths."

5. An opinion that the potato control act, passed at the last session of congress is "flagrantly unconstitutional" was made public by the national lawyers committee of the American Liberty league.

BUST THAT COLD WIDE OPEN

Don't Merely Check It With Half-Way Measures!

Deal with a cold in earnest. Deal with it in seriousness. A cold is too fraught with danger to be taken lightly. Many a case of flu and pneumonia has started with nothing more than a "common cold."

Treat a cold for what it is—an internal infection. Therefore, internal treatment.

Treat a cold with a preparation made for colds and not a "cure-all." Grove's Laxative Bromo Quinine is your answer to a cold.

It is a cold tablet, made expressly for the treatment of colds and not for all kinds of ailments.

It is internal in effect and it does four important things:

First, it opens the bowels, an important step in overcoming a cold.

Second, it checks the infection in the system, a vital step.

Third, it relieves the headache and fever.

Fourth, it tones the system and helps fortify against further attack.

These are the four effects a cold calls for and in Bromo Quinine you get them all in the form of a single tablet.

Play safe—make sure! The moment a cold threatens, go right to your drugstore for a package of Grove's Laxative Bromo Quinine. Begin taking the tablets immediately, two every four hours, until relieved.

Prompt use of Bromo Quinine will often stop a cold in 24 hours and that's the speed of action you want.

Bromo Quinine contains nothing harmful and is safe to take. Ask for it with your mind made up that you're not going to accept a substitute.

COUGHLIN MAY START WEEKLY

Opinion of Followers Concerning Publication Attacking Industrialists.

The Associated Press, Dec. 30—Ray Charles Coughlin called on his followers today for a million votes for a campaign to attack the nation's industrialists.

Coughlin, who has been a radio speaker for a number of years, is expected to start a weekly newspaper to interpret the news to the people. He has been a vocal opponent of government action against industrialists.

Coughlin indicated that the newspaper should be in the form of a "bulletin" or "pamphlet" and that it would be published weekly. He said that the paper would be a "fighting paper" and that it would be a "voice of the people."

Nick's Garage Equipped for Prompt, Efficient Wrecker Service

Prepared To Answer Day Or Night Calls

Powerful and Speedy Wrecker Provides Best Possible Emergency Service for Motorists.

Besides offering super service in automobile and truck repairing, Nick's Super Service Garage located north of the corporation on North Main street is preparing to give super wrecker service.

Their recently completed wrecker is mounted on an International A-6 chassis and is equipped with a power winch which is operated from the transmission by means of a Mowbray-Morrison take off. The winch has two speeds one for handling cars and the other for trucks and heavy loads. The reverse power is also furnished by the motor by shifting one lever three hundred feet of one-half inch cable is available on the drum. The boom is made of two and one-half feet by two feet quarter-inch angle iron reinforced by lattice work braces electrically welded in one piece.

Powerfully Equipped

The wrecker is equipped with Westinghouse air brakes, 3500 dual tires and is capable of lifting up to fifteen tons and transporting any loaded truck without unloading. A reasonable price is charged for his service.

There are few wreckers of this type in Ohio the closest one being in Marion. Wrecker service is obtainable at Nick's Garage at any time of the day or night.

Nick's has one of the few garages in this state where a truck and several trailers can drive in and get repaired without unloading the cargo. This is due to the fact that a high door-way and plenty of driveway space both front and rear of the building enable trucks to be moved in and out of the building with ease.

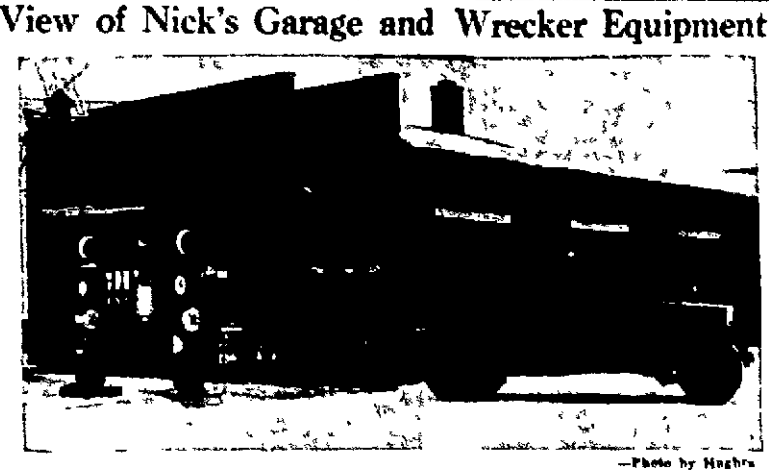

First class repairing is done on both trucks and passenger cars. And the work is satisfactory proof of which can be supplied by any of Nick's satisfied customers.

All Accessories Sold

Automobile accessories such as fan belts, oil filters, and other accessories are carried in stock. Minor parts for foreign and domestic cars are also carried in stock here.

Nick's has a good Gulf gasoline and oil.

If you've never visited Nick's place stop in at your next opportunity and see what a modern, up-to-the-minute place he has. You are always welcome. Clyde Nickodemus is the proprietor.

The picture above shows a view of Nick's Super Service Garage located north of the corporation line on North Main street. Their recently completed wrecker capable of lifting up to 15 tons is also shown.

Heating Problem Solved by Automatic Air Control

Have you had a hard time keeping your home at a comfortable temperature in the winter? If so, you should investigate the advantages and savings offered by the use of a Will Burt automatic air control.

Automatic air control which was pioneered by Will Burt in domestic stokers is a prime factor in saving fuel. Without it a stoker is like an engine without a governor. Everybody knows that the fuel bed must have enough air to promote combustion, but the necessity of preventing an over supply of air is not as fully understood.

Too much air literally cools off a fire. Further, it increases the temperature which actually means the driving of much useful heat up the chimney.

The Will Burt automatic air control supplies the fuel bed with air in just the right amount automatically. It does this far more accurately and correctly than could be done manually even though it is possible to give constant personal attention to this detail of operation. It is a watch dog of economy efficiency.

When the fuel bed is thick and heavy the damper opens to give the additional air required at this stage of firing. When the fuel bed becomes thinner the supply of air is reduced. So the blow from the damper to the fuel bed is kept at a level which resists the air through the fuel bed. The damper to the atmosphere is controlled shut off further and reduces the supply of air to a minimum.

Just fill the hopper once a day and forget the rest of the day. Will Burt stokers are sold by Ballant & Schlientz, Inc. located at 138 North Greenwood street. Their phone number is 111 and they are always glad to furnish any information desired about the Will Burt Stoker.

ICY-FLO OIL CUTS
WINTER AUTO COSTS
Remains Fluid at Temperature
as Low as 30 Below
Zero
The extreme cold weather we have been experiencing of late is hard on automobile motors—that is if the motors are using ordinary oil. If your car is hard to start, motor turns sluggishly, then you should change to a winter oil. Icy-Flo the 30 degree below zero motor oil sold by Goerlich's Low Price Station located at the corner of North Prospect and Mill streets remains fluid at temperatures as low as 30 degrees below zero. By using this oil you can save your self needless winter expenses. Besides the delay inability to keep appointments on time worry and fuss caused by frozen crank case oil towing is a costly bill. Icy-Flo is your insurance against having to be towed to a garage. When constantly sleeping on the starter does not start your motor you are imposing a terrific drain on your battery. An oil that is fluid at sub-zero temperatures — Icy-Flo — means longer life to your battery. You can burn out bearings and brushes in trying to get your car started—and even after starting if the oil is too thick to lubricate. All this more costly damage may result to bearings. Be protected with Icy-Flo.

Social Affairs

A BRILLIANT FINALE to the Christmas week festivities was the annual holiday dance given by the Woman's Board of the Marion City hospital Saturday evening at the Elks' club. This mid-winter dance, which has come to be traditional with this very active organization, is one of the most looked forward to events of the Yuletide season, and this year's affair was no disappointment to the 300 members and patrons in attendance.

In order not to miss any of the clever offerings of Frank Fernau and his orchestra, the dancing began promptly at 9:30 o'clock. The grand march was led by Mr. and Mrs. Wilfred Schaffner, Miss Jeannette LaMarche and Francis H. Huber, and an informal number on the dance program was an old-fashioned square dance.

Black panels on which were traced silver cutouts of Yuletide symbols covered the walls, carrying out a clever decorative note and forming a contrasting background for the smart and colorful evening gowns worn by the women patrons. Pine boughs formed a border at the top of the paneling and gave an added holiday atmosphere to the setting. Hark trees for the matrons and misses, and buttonholes for the men, fashioned of gay colored pinots, "tagged" the patrons at the door where Miss Geraldine Hord and Miss Emma O'Brien were stationed.

Midnight Lunch

Shortly after midnight a buffet lunch was served from a table lighted with Christmas candles and decorated with polka-dot netting, arranged at one end of the dance hall. Presiding at the table were Mrs. T. E. Sonnenschein, president of the board, and Mrs. Francis H. Huber, general chairman of the dance committee.

Among the out-of-town guests here for the dance were Mr. and Mrs. R. H. Married Comrades

BY ADELE GARRISON

Katherine Surprises Made by Indicating She Will Not Go Along to Mountains.

MARY DID not need my assistance to stand still. If the rapidly advancing form of William had been a basilisk she could not have frozen to attention more quickly. I could not even hear her breathe as Williams halted just outside the open door. I put a quick query.

"Is Mr. Veritzen all right?" In the short time of Williams' sojourn with us, I have observed that he is deliberate in manner and speech. But he is nevertheless quick-witted, and the rapidly with which he answered me showed that the swift, shrewd glance which he had sent to Mary's face had showed him the necessity of quickly relieving her suspense.

"He's just fine," he said quickly. "Couldn't be better, the doctor says."

"Then I can see him now?" she demanded rather than inquired.

"That's what I came over to tell you," Williams replied with a faint smile.

Asking for Mary.

Mary was through the door before he had finished, and she must have heard his last words—if she heard them at all—as her flying feet skimmed over the rocky path to the other cabin.

"The doctor was wise, I guess, when he kept her away so long," he said. "The young man's been asking to see his wife ever since he woke up, but Dr. Rickey kept putting him off. I heard him tell Mrs. Gibbs that he wanted to be mighty sure the young man could stand excitement before he permitted his wife to come over."

"He must think Mr. Veritzen is well out of danger, then," I said.

"Oh, he does," Williams replied quickly.

He slipped unobtrusively away as Katherine came through the door with the indefinable look upon her face which I have learned to associate with a battle won over illness.

"Good hunting?" I queried as she sat down in the chair nearest to the door.

"The best," she returned. "Patient out of danger, and promised that if he keeps quiet and obeys orders today, he may fly back to New York day after tomorrow, as he had originally planned."

"He put up a passionate plea to be permitted to wait and drive you down, but Dr. Rickey was adamant on that point."

"Katherine Not Going?"

"Showing that he knows his business," I commented. "Noel is so conscientious, so afraid of not taking his full share of any responsibility, that I am glad somebody in authority is directing him."

"But, tell me, what will be his program and Mary's for today and tomorrow? I suppose that trip we're planning to the White Mountain peaks would be too long and too strenuous an undertaking for him."

AAA CONTRACT NOW ASKS FOR MORE HOGS
Farmers Now Told To Raise 50 Per Cent of Base With \$1.25 for Each Pig.

Special to The Star.
KENTON, Dec. 30.—Exhortation of AAA leaders to "get rid of those hogs at all costs" will be materially modified in 1936 and 1937, according to provisions of the new two-year corn-hog contracts received by John R. Hastings, president of the Hardin County Corn-Hog Production Control association.

In the past hog producers have been required to cut down their pork production to a figure called the "base," but under the new contract they must raise at least 50 per cent of that base. The government will pay a contract-signer \$1.25 for each hog that he raises up to his base. If he raises more than the "base" figure he pays the government \$5 for each one in excess of that figure. If he raises less, he gets full pay, providing he has a number of hogs totaling at least 50 per cent of the "base." He pays the government \$2.50 each for the hogs, under 50 per cent, that he fails to raise, Mr. Hastings explained.

MORROW CO. VETERANS WIN IN SUPREME COURT

Tribunal Denies Commissioners' Motion To Admit Appeal from Lower Court.

Special to The Star.
MT. GILEAD, Dec. 30.—After six months of litigation the supreme court has finally ruled that the Morrow county commissioners exceeded their authority in attempting to stipulate the amount of money to be used for soldiers' relief in Morrow county. The decision of the supreme court was made when it denied a motion of the commissioners' attorney, T. R. Staver, to admit the appeal from the decision of the common pleas and appellate courts on the suit of the Morrow county soldiers' relief commission against the commissioners.

The relief commission had asked for an additional appropriation at the end of June when the appropriation of \$2,000 was exhausted. The soldiers' relief commission, members of which are John Cochran of Marengo, I. V. Ault of Mt. Gilead and Rev. Dennis of Cardington, had asked for \$2,500 at the beginning of the year but the appropriation was cut by the county commissioners and they then refused to make an additional one.

Holding that the law under which the commission operates makes it mandatory for the county commissioners to make any appropriation the relief commission considers excessive as long as it is within the statutory limit of one-half of one mill on the tax duplicate, the common pleas court ruled that the commissioners must make the appropriation and the appellate court sustained the decision of Judge P. H. Wickland.

The county commissioners claimed that some of the expenditures of the relief commission were unnecessary but both common pleas and appellate courts ruled that the disposition of the funds was at the discretion of the relief commission and that under the law "the county commissioners are not concerned with what the relief commission does with the money."

The case has caused considerable interest among veterans' organizations and county officials all over Ohio as similar difficulties have arisen in other places.

U. S. Olympic Committee Seeks Unity Within Race

SOLID SUPPORT OF PARTICIPATION BY AMERICANS SOUGHT

Resignations of Several Members of Opposing Faction Accepted Others Sought

By The Associated Press
NEW YORK, Dec. 23.—The American Olympic committee, formed by the United States Olympic committee, is seeking unity within its ranks. At its first meeting since the stormy American Athletic union convention when an attempt to put that body on the Olympic program was almost successful, the A. O. C. yesterday accepted the resignations of several members of the opposing faction and moved to eliminate other lukewarm members.

The committee members favored the proposal of President Avery Brundage of Chicago that those whose lack of activity indicated they were not wholly in accord with American participation be courteously asked to withdraw.

They decided to send questionnaires to all members of the committee asking their positive stand. Despite the opposition that remains financial reports indicated the prospects for full American representation were good.

Plans for the sailing, of 51 members of the winter sports teams on Friday were approved with the indication that there would be no trouble taking care of their expenses. The hockey teams' budget still was unbalanced but it is believed exhibitions will settle that problem.

Large returns are expected from the boxing and basketball tryouts but the committee stressed that there still is a great need for contributions. Plans were laid for an intensive campaign.

The action of the National Collegiate A. A. in voting to favor American participation and urging members to contribute it heartily was applauded.

The final rowing tryouts were set for July 23 and 24 on Carnegie Lake Princeton, N. J. Washington, Pennsylvania and Yale already have signified their intention of entering and it is hoped Cornell, Columbia, Harvard and others will compete.

Robert J. H. Kipling of Yale again was named coach of the swimming team. Bill Taylor with drew as coach of the speed skaters because of his father's illness.

Backfield Aces To Clash in Rose Bowl

It will be a meeting of powerful backfields when the Stanford Indians meet Southern Methodist in the annual Rose Bowl game New Year's day. Each has an all-America star for its nucleus — tricky Bobby Wilson of S. M. U. and hard-plunging Bobby Grayson of Stanford. At top are the Stanford backs left to right: Hamilton, Lamm, Coffin and Grayson. Below are the S. M. U. first stringers, left to right: Shuford, Wilson, Smith and Sprague. In the background is the famous Rose Bowl. (As associated press photo.)

Grayson Under Physician's Care But Says He'll Play

By The Associated Press
PASADENA, Calif., Dec. 23.—Bobby Grayson, who generates Stanford's amazing offensive power, put to rest today the fears that illness might prevent his playing against Southern Methodist in the New Year's day grid classic here.

It is only a slight sore throat, said the fullback who was outlasted by doctors yesterday. The doctors thought I should rest yesterday, but I'm all right.

You bet I'll play Wednesday. It would take more than a sore throat to keep me out of that game.

And to prove it he got ready for the afternoon practice session. Even that Grayson would not be in top condition for the intercollegiate tussle with the ball throwers Mustangs, said yesterday when Dr. J. C. Roth, team physician, ordered the 187-pound all-American to bed. He said the Stanford star was suffering from a cold in his chest and a sore throat.

Just to show how valuable Grayson is to the west's representatives he picked up more yards—149—in the 1931 Rose Bowl game than did all of the opponent's backfield backs. The stakes however, laid against his scoring, as the Lions won on a snail's pace field goal.

It was overshadowed by the great Dixie Howell's 100-yard run last year but still he is a to roll up 75 yards and score a touchdown as the Stanford eleven went down in defeat 20 to 13.

Uncertain week and weather conditions caused aids to quiver to day.

Quoted generally as 107 in 100 yards before a dizzying rain started early yesterday, the Methodists lost prestige and slipped closer to even money as still's feared slippery conditions for their snail's pace.

Couch With Bell Me-hodist mentor however, took off his 100-yard stride and took Sullivan's place, said as the score his Mustangs would take Stanford.

My guess is as good as any, he said I like my club 10. That will take a field goal by Maurice Orr.

Orr, his 10 pound kicking tackle, has a punt for 37 points by field goals and conversion points in 17 games the Mustangs have won.

Bell declines to let a chilly cheerfulness cheer shifting back to

LOUIS PLACED ABOVE BRADDOCK IN POLL BY SPORTS WRITERS

Brown Bombers' Votes Make Heavyweight Champ Play Second Fiddle

By The Associated Press
NEW YORK, Dec. 23.—Jimmy Braddock, the champion for a "white" to, to be a Louisville can sit until Joe and Joe have washed the nation's boxing writers list the year's best weight champion as the second fiddle to the dusky Detroit boxer.

The 155 lbs. heavyweight ranking today by the Ring, boxing magazine on the basis of a sports writers poll list Louis at the top of the class, with Braddock in the second division.

While this is unusual the Ring editor Nat Fleischer points out that other heavyweight champions have been ranked below challengers in the 11 years the ratings have been made.

One champion in a lower bracket this year is considered equal to a challenger. Small Montana, Illinois, winner of the flyweight crown is rated a shade below Perry Lane of Scotland.

In the bantamweight division, Pascual Sangcheli of Spain who lifted the crown from Panama Al Brown, Sixto Escobar of Puerto Rico, recognized in the United States as Littleholder and Lou Sabat of New York are grouped together.

Babe Risko of Syracuse who holds American recognition as middleweight champion is rated third in the second group of middleweights. Marcel Thil of France generally considered as titleholder stands in group one.

Louis not only is ranked as leader but he figures in most of the years outstanding events in the ring. Except for Braddock's surprising feat of lifting the crown from Max Baer, the principal events of the year were Louis quick knockouts of Baer and Primo Carnera and the million dollar gate at the Baer-Louis bout.

Due recognition of Braddock's ability is given in placing him along in the second group of heavyweights with Max Schmeling and Carnera paired in group 3.

The fourth division includes Tommy Loughran, Max Baer, Hank Hankinson, Charles Retzlaff, Ruddy Barr, Ray Impittiere, Paulie Mader, Al Ettore, Ford Smith and Paulino Uzcudun.

In each group into which the ratings of the various divisions are separated, the members are considered approximately equal although they are listed in order of their rankings.

CARNIVAL DILAYED
By The Associated Press
NEW ORLEANS, Dec. 23.—New Orleans was in carnival spirit for the delayed opening of the Sugar Bowl sports program today. Some of the nation's outstanding track and field stars were ready for a meet beginning at 3 p. m. postponed from Saturday because of rain.

So that electric refrigerators can be defrosted without shutting off the current an Ohio man has invented a sheet metal cover for the unit which the ice is so that it can be removed and washed free of frost.

At Pinehurst he was hole-high with his second shot on the 385-yard tenth hole a feat that has no equal. On his home course, Blue Run, it is told, there is a 640-yard hole which he has been over a two.

OWENS INELIGIBLE BECAUSE OF GRADES

Negro Star To Be Idle During Winter Quarter Following Scholastic Troubles.

By The Associated Press
COLUMBUS, O., Dec. 23.—Scholastic difficulties were the cause of Jesse Owens world champion sprinter hurdler and broad jumper and captain of the Ohio State university track team being declared ineligible Saturday for winter quarter sports competition at the university.

The Negro star failed to hurdle a psychology examination and was ruled out of athletic competition for the quarter during which all of the seasons' indoor meets will be held. By passing all his studies during the winter quarter Owens may become eligible for the outdoor meets in the spring.

The ruling will keep him out of the Midwestern games in New York Feb. 1 at the West Virginia relay meet and with Indiana, Illinois and Michigan and the Big Ten meet at Chicago March 14.

YOU KNOW, THIS SALES CONTRACT ON SELLING SILKS IS A BIG THING IN MY LIFE!

ER—WELL, TELL ME MORE!

YES, IT MEANS A BONUS AND MAY BE A RAISE IN SALARY!

IT SEEMS TO MEAN A GREAT DEAL TO YOU!

YEAH, AND IT SHOULD MEAN SOMETHING TO YOU BECAUSE THIS RAISE WILL MEAN I CAN GET MARRIED!

Toots and Casper

YESSIR, CASPER, I'LL HAVE DOUBLE REASON TO CELEBRATE TOMORROW, BECAUSE NEW YEAR'S EVE COMES ON MY BIRTHDAY—MY BROTHER AND I WERE TWINS!

THAT MAKES HIM A PRETTY OLD GOAT BY NOW, DOESN'T IT?

OH, HE AIN'T SO OLD—HE'S ONLY A YEAR OLDER THAN I AM!

HOW THE HECK CAN YOU AND YOUR BROTHER BE TWINS COLONEL HOOVER IF HE'S A YEAR OLDER THAN YOU ARE?

IT'S ALL VERY SIMPLE, MY DEAR FELLOW—YOU SEE I WAS BORN A FEW MINUTES BEFORE MIDNIGHT ON DECEMBER 31 ST, AND HE WAS BORN A FEW MINUTES AFTER MIDNIGHT!

The Gumps

IMAGINE THOSE PAUPERS, ANDY AND MIN, SOFT SOAPING YOUR SENTIMENTAL HUSBAND INTO GIVING THEM HALF OF OUR HOUSE!

THIS IS ONLY THEIR FIRST STEP—SOON THEY'LL HAVE YOU AND ME OUT IN THE STREET!

CALM YOURSELF, MOTHER DEAR!

I'LL LEAVE NO STONE UNTURNED! ANDY AND MIN WILL BE FORCED TO LEAVE THIS HOUSE IF IT'S THE LAST THING I DO ON EARTH!!

MOTHER—YOUR BLOOD PRESSURE!

Annie Rooney

YOU SEE, FATHER KNOWS EVERYBODY AND PEOPLE DO ANYTHING FATHER REQUESTS!

AND MOTHER TOLD FATHER YOU WERE A REAL SWEET LITTLE GIRL—AND HE WANTED FATHER TO FIND A PLACE FOR YOU!

GEE? WHAT DID YOUR FATHER SAY?

FATHER SAID—IT WOULD BE NO TROUBLE AT ALL—AND HE WOULD ATTEND TO YOUR CASE RIGHT AWAY!

GLORYOSKY—WON'T IT BE SWEET? I DON'T CARE WHAT KIND OF A JOB IT IS—I'LL WORK TERRIBLE HARD—SO YOUR FATHER WON'T BE ASHAMED OF ME!

WELL, I'D LIKE TO KNOW WHAT KIND OF A JOB IT IS—AND CREAM THE MORNIN'!

Bringing Up Father

SHUT OUR NEW APARTMENT JUST GOING TO DO HOPE OUR NEIGHBORS WILL LIKE US—ALL THE TENANTS IN THE BUILDING ARE IN HIGH SOCIAL STANDING!

THERE'S NO DOUBT, MOTHER, THEY WILL ALL TAKE TO YOU!

HUH—JUST AS I THOUGHT!

WELL—OUR NEIGHBORS ARE BEGGIN' TO GET ACQUAINTED—

YEAH—IT WON'T BE LONG BEFORE WE'LL BE KNOWN TO EVERYONE IN THE BUILDING—

WELL, I'D LIKE TO KNOW WHAT KIND OF A JOB IT IS—AND CREAM THE MORNIN'!

Polly and Her Pals

TH' OLD YEAR'S ALMOST OUT AN' YUH GOT NO JOB. Y SAID YUH'D HAVE ONE AFORE NINETEEN THUTTY-SIX.

AS A MATTER O' FACT, I ALMOST DID.

YEAH?

YEAH.

A FIRM CALLED ME YESTIDY, WANTIN' A MAN WHO CAN MAKE QUICK DECISIONS.

WOT HAPPENED?

THEY GOT SORE AN' HUNG UP WHEN I AS' 'EM FER A COUPLE OF WEEKS I THINK TH' OFFER OVER.
